LA PETITE ABEILLE

We named our cidery La Petite Abeille, or, **the Little Bee**. Bees are important to us for a couple of reasons. Not only do we recognize that bees are crucial to the pollination of our orchard and the health of the planet, but the bee has been a prominent symbol throughout French history, so we thought of the bee as a fitting ode to the place that initially inspired us to make our special sparkling-style cider.

With a wink and a nod to French cider-making savoir-faire, we have found our passion in creating bubbly, chic ciders right here on the Naramata Bench, and are so pleased to have our ciders find a place at your table. Santé!

Our ciders

All of our ciders are created using high-quality, hand-picked fruit cultivated on our very own Blue Bee Orchard. We looked to France and their long history of cider production for inspiration, and so our products showcase the best of both old and new world cider-making techniques. Each cider reflects the unique flavours and personality of the Okanagan valley, or, as the French say, the "goût du terroir." Gluten-free and never too sweet, our ciders let the natural fruit flavours and aromatics shine through, while having the perfect amount of bubble to enhance each sip.

Meadow Vista Honey Wines is located in Kelowna, BC on a five and a half acre farm, nestled amongst the orchards of East Kelowna. In partnership with their beekeepers, the farm is home to 150 mobile hives of hardworking honeybees. The hives spend time on the farm as well as other local farms, providing important local pollination while gathering sweet nectar to make honey.

We've been told that Meadow Vista Honey Wines taste "like nature in a glass", and we couldn't agree more. We are proud to offer a fresh spin on food & wine pairings for Master Chefs, Sommeliers, Foodies and Home Cooks with our award-winning mead.

JULIA HALUPCZOK, Winemaker

Julia was born and raised in the province of Mendoza, the land of sun and good wine. She grew up surrounded by vineyards and in contact with nature. These were key factors in her decision to take up Agricultural Engineering in the College of Agricultural Sciences of the National University of Cuyo. At the end of 2021, Julia decided to take on a great challenge and joined the Casirdos Santos winery as general manager and first winemaker with the aim of producing the most innovative and quality wines from Mendoza to the world.

Casir dos Santos was born as a statement, a personal commitment, a pact: ***"We will produce the best wine possible and focus on every detail with the most passionate dedication. To lead the way we have to see, understand, and do things which drive and inspire us"***. From each region the best grapes, in every step the best technology available, all supported by a strong group of experts, highly committed and greatly motivated.

Haselgrove

Established in 1981, Haselgrove is surrounded by Shiraz, Cabernet Sauvignon and Mourvèdre – with the Shiraz and Cabernet Sauvignon vines dating back more than 60 years. We also work with a group of dedicated McLaren Vale and Adelaide Hills growers. Although renowned for producing award-winning reds from McLaren Vale, our whites are also making ripples with wine writers and on the wine show circuit.

The gods were smiling the day that Haselgrove came to life. The site was chosen for a number of reasons, including aspect and soil composition, but let's face it, we are in the heart of Australian wine country and a perfect place to create world class and iconic wines.

Although established in 1981, it wasn't until 1999 that the winery as it stands today was built. Change again was afoot, when in 2008 over a game of cards and couple of hearty reds four Italian-Australian industry veterans decided to purchase Haselgrove. Don Totino, Don Luca, Steve Maglieri and Tony Carrocci went to work injecting a heap of passion and ultimately revamping the brand, it's presentation and it's entire range of wines.

Walsh & Sons

By using traditional methods in our vineyard and low intervention winemaking techniques we aim to make expressive styles that are fun, youthful and different to the mainstream.

Our winemaking relies on the intangible senses of inspiration, intuition and innovation. By using these we seek out a more informed expression of who we are whilst respecting the purity of our natural ingredients.

STORY - IT'S ALL IN THE FAMILY

A thriving social and energetic family life inspired partners Ryan Walsh & Freya Hohnen to create a wine brand that intermingles with their family.

Though they chose the name Walsh & Sons – it's probably more accurate to say Walsh & Family.

Their core wines are named after nieces and nephews who've all been a part of the journey.

Established in 2013, the trailblazing spirit is ingrained in Walsh & Sons. Ryan and Freya are second generation with wine history in Margaret River since the late 70's. The Hohnen's settled in Margaret River in 1972 to make wine, the Walsh's in 1993. Add to that, there is also a Walsh and Sons story to tell from the 1860's of a hand crafted, award winning wine from Victoria that made it all the way to a London show ...

CLOS de LUZ

Clos de Luz Winery is situated in Cachapoal, Chile, and is one of the oldest Carménère vineyards in the country. The winemakers at Clos de Luz have decided to innovate based on the existing history and traditions of the Almahue Valley. The winery is a piece of history and a taste of days gone by, where the owners strive to produce fresh wine with natural acidity and lower levels of alcohol. In achieving this, no additions are used to standardize the wine's flavor but rather have a more fresh and non-oaked aroma.

Clos de Luz Winery trusts in the diversity of the plants in their vineyards, using Massal Selection. The opposite of cloning, every plant is considered unique and diverse and adds to the wine's richness and complexity.

Clos de Luz Winery is a 750-acre wine-producing estate which builds on the winemaking techniques brought about since Colonial times.

It is home to 1930 Azuda water wheels, which allowed for the development of viticulture in the area. The area is known for the production of high-quality Cabernet Sauvignon, Malbec, and Grenache.

VINEYARD & WINEMAKING TECHNIQUES

The vineyards of the estate are maintained using natural viticulture techniques with manual labor and harvesting processes. The vines of the vineyards are ungrafted, and grapes are selected from the old Massal selection vineyards. In winter, herb cover crops such as oats are used to de-compact the soil, fix nitrogen levels, and control pests.

DOMAINE TARIQUET

Domaine Tariquet, located in Gascony in the South-West of France, has been owned by the same family since 1912.

The philosophy of the Grassa family is to preserve throughout the vinification the freshness and aromatic potential of the grapes harvested from the estate's vines.

Domaine Tariquet is a wine grower

This means that all the wines and Bas-Armagnacs are exclusively produced from the grapes harvested from our own vineyards. We directly control all the trades and stages of production, from the planting of the vine to the marketing of the bottle of wine and Armagnac: growing of the vine, harvesting, winemaking, distillation, ageing, bottling, storage, administrative functions and customer service.

BIBBIANO

Bibbiano is located in the historic territory of Chianti, in the municipality of Castellina in Chianti.

Since 1865 the family has passionately continued the cultivation of vineyards and olive trees, making it alive, current and modern thanks to an entrepreneurial tradition that, handed down from father to son, has now reached the fifth generation personified by Tommaso and Federico Marrocchesi Marzi.

Surrounded by large olive groves of more than three thousand plants, the vineyards of Bibbiano extend for a total area of about 30 hectares between 270 and 310 meters above sea level, arranged on hilly slopes that enjoy an enviable exposure and an excellent microclimate, characterized by clayey sediments of Pliocene formation, more or less composite and rich in alberese rock. The vineyards consist of plants of red grapes of Sangiovese Grosso and Sangiovese, of Canaiolo, Malvasia Nera, Ciliegiole and Colorino vines, as well as Trebbiano, Grechetto and Malvasia del Chianti, located on the two sides that characterize Bibbiano and that mark its different organoleptic characteristics.

Our approach is aimed at producing high quality wines, by virtue of a decisive choice tending to enhance the genius loci of Bibbiano, or the soul of the typical geographical and human heritage of the place, generating balanced, elegant wines with a beautiful personality, sometimes even powerful and with very clear timbres.

With a careful selection of grapes during the harvest, still carried out manually, and vinifying separately the individual crus of the different sides, every year we give natural expression to our terroir and its peculiarities, its ampelographic and viticultural resources, respecting our desires for balance between modernity, tradition and history of this place.

Our Wines
AUTHENTICITY, IDENTITY AND INNOVATION

We make our wines following the traditions passed on to us by our ancestors, while still incorporating technology and innovations.
 "The production is sustainable and ethical as we wish to leave our children a better environment than the one we have".

For sure **Montepulciano** is the jewel in the crown of our production, the signature grape variety of this region. Along with the reds, our range features the Cerasuolo d'Abruzzo and some remarkable, multiple award-winning whites: Chardonnay, Pecorino and Trebbiano d'Abruzzo. Our wines are eclectic and fit for every occasion, as they truly express the spirit of where we live.

JED PENKMAN,
Chief Winemaker

DUCK HUNTER wines

Our wine label shows a wonderful painting by New Zealand wildlife artist, Joanna Braithwaite. Co-founder, Mark Wilson discovered this painting and instantly knew that it would be the ideal marque for our family of wines.

With remarkable speed, the Duck Hunter has grown in personality and charm. With gun slung casually over wing, our feathered friend is not the hunted; rather the hunter – the keeper of the estate, protector of the vines and calm champion of the wines. If beaks could talk, he'd surely have a good story to share.

And so, with every bottle, we see the Duck Hunter as a salute to friendship and conversation. We also assure you that no ducks were harmed in the making of our wines.

From dinners with friends and celebrations with family to long-planned get-togethers and spontaneous catch-ups, wine is part of some of life's truly magic moments. Of course, the day after isn't always so magic.

So, Doctors John and Brigid Forrest set their scientific minds to finding a solution – a way to enjoy all the fun, without having to suffer the regrets. The result is The Doctors' – a range of impeccably-crafted lower alcohol lifestyle wines which deliver all the enjoyment, and are better for you!

The key lies in the process, which is totally sustainable and features no chemistry or genetic manipulation. Rather than removing alcohol from their wines, John and Brigid figured out how to slow the development of sugar in the grapes through canopy management techniques. This allows them to ferment their wines close to dry, while still yielding a lower alcohol content in the finished wine.

The end result - wines with 25% less alcohol, but 100% of the quality that consumers expect. Led by their champion Rosé, The Doctors' wines have claimed a slew of national and international awards, competing against full-alcohol wines from all over the globe.

Lighter wines, sharper minds! At just 9.5% Alcohol

'Cuatro Rayas Organic' is the ultimate expression of our firm commitment to environmental and social sustainability.

Organic wines from certified organic agriculture vineyards, with a design that pays tribute to the biodiversity of the vineyard, essential for the balance of the viticultural agrosystem. With certification of fitness for vegan consumption, they are the ideal toast to respect the fauna and the natural environment.

CUEVAS DE AROM

CALATAYUD

The first wine made by Fernando Mora in his Zaragoza flat was called AROM which is his surname backwards. It represents his first symbolic step into the mysterious world of wine in 2008.

In the search for high altitude to achieve fresher wines and conditions that allow for more precise winemaking, Bodegas Frontonio and Bodegas San Alejandro have joined together to fulfill a common dream: to create one of the best garnachas in the world during the next 20 years. The magic began from the first time we met, bringing together the freshness of Frontonio with the serenity of San Alejandro: Fernando's speed with Yolanda Dfaz's experience.

Some of the oldest and highest vineyards with the greatest potential of Calatayud are in the hands of the winegrowers belonging to the cooperative of Bodegas San Alejandro. The Precambrian soils of slate on impossibly steep slopes at more than 800 metres are planted with old garnacha vines and other varieties giving rise to truly unique wines.

MAS ALTA

ELS PICS is a blend of grapes that come from the vineyard named Els Pics and from vineyards planted on a mosaic of different terroirs that represent the true diversity of the DOQ Priorat.

This cuvée is a wine full of character, fruity and mouth wateringly good.

A gentle ageing process gives it a touch of complexity and finesse.

50% Grenache noir, 40% Carigan, 5% Merlot, 5% Syrah

LONE BIRCH

Our family has been farming in the Yakima Valley for over four generations. One of the pinnacle landmarks on our farm is the 70 year old Lone Birch Tree that resides amongst our vineyard. This tree not only provides shade to workers and direction to lost travelers, but most importantly, it provides inspiration to our family. The birch tree was planted by our great-great-grandfather, who had a great love for nature and was an inspirational steward of the land. This symbolic tree serves as a reminder of our commitment to care for the environment, reduce our carbon footprint, utilize sustainable farming practices, and ensure our farm lives on for generations to come.s.

Our 2020 Lone Birch Cabernet Sauvignon displays an abundance of dark and red fruit aromas. Aromas of cassis, Bing cherries, sweet plums, and hints of Beachwood carry through to the palate, which evolves into more complex flavors of licorice, pomegranate, toffee, and smoked caramel. The wine exits the palate with lush tannins, showing balanced acidity that creates an impeccably smooth finish that lingers on the palate. Enjoy now through 2030 with optimal maturity peaking around 2027.

WILLAMETTE VALLEY VINEYARDS

Our approach is to grow, by hand, the highest quality fruit using careful canopy management and yield balance, to achieve wines that are truly expressive of the varietal and the place where they are grown. We ferment and barrel each vineyard lot separately and display the best of these in our single vineyard designate bottlings. Our stylistic emphasis is on pure varietal fruit characters, with attention to depth, richness of mouthfeel and balance. The wines are truly a collaborative effort of the entire vineyard and winemaking staff.

JIM BERNAU, Founder/CEO

"Our mission in growing cool-climate varietals is to create elegant, classic Oregon wines from the Willamette Valley Appellation. As native Oregonians, we treasure our environment and use sustainable practices in growing and vinifying our wine grapes."

TOTEM

VODKA

OF  DU

CANADA

Designed on the West Coast of Canada, moulded by French glassmakers and topped with an Italian-made custom stopper, our bottle is as rare and original as the spirit it holds.

Distilled in small batches, Totem has a taste as crisp and clean as the first winter frost, yet as soft as Prairie rain.

We have created a crisp vodka with a clean nose combined with a subtle sweetness. On its own it can be enjoyed in a classic vodka martini, and it provides the perfect base for all vodka-based cocktails.

EL DORADO.

Crafted Richer. Aged Deeper

Not all rums are created equal

Created on the banks of Demerara, our smooth and uniquely complex El Dorado aged rums represent over 300 years of Caribbean rum crafting.

Faithfully continuing to use our original wooden heritage stills, we are masters in skillfully coaxing out rich & diverse characters from within the spirit.

We are patient. Very patient.

Allowing both time and our unique Demerara climate to take their course, we lay down our oak barrels for decades at a time to imbue El Dorado with unsurpassed dimension and depth.

Only when ripe with age are these precious rums then artfully blended, revealing their soul for you to savour and enjoy.

OCTAVIO JIMENEZ, Mezcalero Master

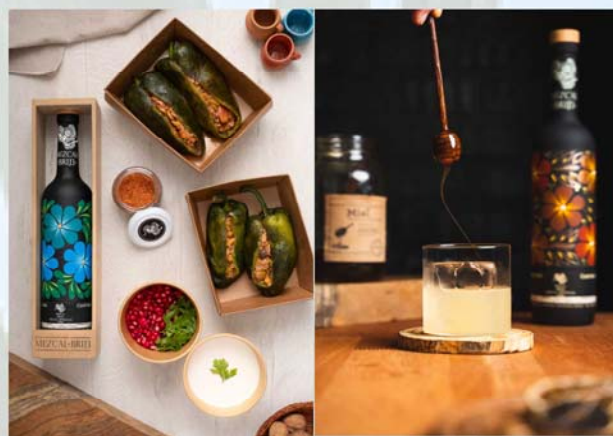

Born from the tradition of his father, grandfather and two generations of mezcal producers. His domain of the tools, processes, care and selection of magueyes, make it our expert mezcalero master.

Octavio Jiménez, transmits love, dedication and experience, which is reflected in every production of mezcal.

Each of the bottles is hand painted by families of artisans, with their own designs and colors, making each bottle unique. Oaxaca is characterized by the richness in the elaboration of crafts, we are inspired by San Bartolo Coyotepec to obtain the matte black color of the bottle, reflecting the mysticism and the essence that shelters the town, where its people teach and inherit the elaboration of pottery from this clay.

SIEMPRE.

Tequila

WHO WE ARE

WE ALWAYS SEE THE GLASS HALF FULL

Siempre is the rose that grew from adversity. The dead and alive flowers in the hand-drawn label represent beauty born from struggle. We remember to celebrate good times, bad ones, and everything in between – because it's all part of what makes us who we are.

RISKED IT ALL, MADE TEQUILA

Female founder, Monica Sanita and Co-Founder Alex Lacroix grew Siempre into a successful international brand from \$9000 and a credit card. They put it all on the line to build a brand around Monica's grandmother's lifelong agriculture experience and creating agave spirits in Mexico.

WE MAKE OUR FAVORITES, HOPING A FEW PEOPLE MIGHT AGREE

Siempre works with some of the finest distilleries in Jalisco, Mexico. Each of our tequilas is designed based on the unique characteristics they all possess. This includes terroir, water, equipment, techniques, and the master distillers.

NO DETAIL IS TOO SMALL TO OBESSESS OVER

We don't cut corners and use honest methods to produce our products. From our Siempre Plata to Exclusivo – from start to finish, attention to detail is the key to our award-winning spirits.

RUMSON'S®

LIFE LIVED, LIFE ENJOYED.®

**RUMSON'S: SMOOTH,
SWEET, MEMORABLE®**

THE RUM:

CARIBBEAN DISTILLED -
BARREL AGED -
BLENDED, FINISHED, AND
BOTTLED IN SALEM, MA -
UNIVERSALLY ENJOYED

At Rumson's it's simple - We create exceptional spirits. We hand select and marry the finest barrel aged Caribbean rums. These rums are chosen for their distinctive and savory flavor profiles. The spirits are then blended and finished in our New England rum house. This process allows us to blend extraordinary flavors, while hand finishing our rum. The result is memorable spirits and memorable stories. Share them both.
